### **Compulsory Study**

Dear Parents and Carers,

Following feedback from teachers and reviewing the percentage of XPWs last term it has come to our attention that your child has previously failed to complete homework on time/to an acceptable standard. We believe that timely completion of homework is a crucial aspect of a student's academic development, and we are committed to providing the necessary support to ensure this issue is addressed.

Consequently, your child has been selected to attend compulsory study, which has been specifically designed to address this concern. Study will take place from Monday to Thursday, starting from Monday 23rd September 2024, from 3:15 pm to 4:15 pm.

The objectives of study are:

- To provide a structured and supportive environment for students to complete their homework.
- To offer guidance and assistance from different subject teachers who will be present during the sessions.
- To help students develop effective time management and organisational skills so that they can work independently at home.
- To ensure that students can consistently meet their homework deadlines and excel in their academic outcomes

We kindly request that your child brings their homework and any necessary materials to the study sessions. This will enable our teachers to offer targeted assistance and ensure that they make the most of their time during the sessions.
